

By Appointment to H.M The Queen of Denmark

ÅRHUS POSSEMENTFABRIK

Since 1917

HALYARD

HALYARD from Århus Possementfabrik is specifically developed to be used for braided furniture seating.

Due to its high strength and low-stretch abilities, Halyard provides a durable and strong seating for quality furniture, and is the choice for the professional user.

HALYARD is defined by the special HALYARD core, which gives the product its strength, and allows the product to be covered in almost any type of yarn and pattern.
